AKTIVITETER MED FORMER

Nedenfor er nogle ekstra aktiviteter, du kan lave med dine elever for at introducere dem til figurer:

- Gå på jagt rundt omkring på skolen for at finde figurer i omgivelserne.
- Lav figurer ved hjælp af materialer som ler, tandstikkere, blyanter osv.
- Skab figurer ved at bruge børnenes kroppe.
- Brug en elektronisk enhed til at tage billeder af figurer i rummet.
- Brug en geoboard / træ med søm og elastikker til at skabe figurer.
- Del klassen op i grupper, som skal undersøge alle egenskaberne ved en figur, og præsentere deres resultater for resten af klassen.
- Slå med terninger, og lad eleverne tegne en figur med det antal sider, som terningerne viser.
- Klassen samler forskellige figurer fra rummet og sorterer dem efter deres egenskaber.
